

Upper 3 Update

Dear Parent,

In this flyer you will find information about some of the topics we will be working on this term, and ways in which you can support your child's learning at home.

What we will do in school...

What you could do together at home...

Science: We will be looking at Materials this term.

Look at how things change in the home: do some substances change when you cook or heat them. Can you undo any of these changes?

Literacy

We will be developing our descriptive writing as we describe our favourite possessions. We will be writing a letter of complaint and exploring and creating our own poetry.

Could your YP bring in a few of their precious possessions (or pictures of them) in order to write about them. Think about when you have felt the need to write a letter of complaint.

Cookery

We will be focussing on cooking on a budget this term and planning a two course meal as part of the AQA award scheme.

If possible involve your YP in the planning, shopping and costing of a meal at home.

Humanities

We will be looking at the impact the Romans had on Britain as part of our European History project this term.

Research the impact of the Romans on where you live..

Maths

We will be focussing on applying skills this term. There will be a focus on times tables and mental maths.

Encourage your YP to practice their times tables. Encourage mental addition and subtraction when out shopping.

Please send a PE kit (any comfortable shorts, jogging trousers, jumper and T-shirt) in a bag to keep in school. We will send it home every half-term for you to wash. PE is on Fridays. We will be returning to Forest School every Wednesday afternoon so please could all boys bring sensible, warm and waterproof clothing to change into. Closed footwear must be worn.

We will write any important information and put letters in your home school book. So please look through it every day.

Please write to us regarding how your child has been at home and if you have any concerns, also inform us of any information that you think we should be aware of such as illnesses, eating and sleep patterns or achievements and progress that your child has made.

If there is anything I can help you with or if you have any concerns or questions then please do not hesitate to contact me.

Many thanks

Karen, Amy and Neil.
